the above-captioned application. Applicant kindly requests consideration of the amendments and arguments set forth herein.

INTRODUCTORY REMARKS

5 In response to the Office Action mailed, August 5, 2005, Applicant acknowledges Examiner's rejection of claims 1-16, 18-23, 25, and 26, as well as the provisional nonstatutory double patenting rejection.

Applicant amends the claims placing them in a condition for allowance. In response to the nonstatutory double patenting rejection, Applicant concurrently submits a terminal disclaimer
10 in the currently pending application number 10/713,944. Further, in accordance with MPEP §804(B), Applicant believes that the "provisional" double patenting rejection is the only rejection remaining in the present application and therefore this rejection should be withdrawn.

Applicant amends claims 1, 25, and 26; cancels claims 23-24 without prejudice; leaving claims 1-22 and 25-26 in a condition for allowance. Please enter the following amendments to
15 the claims without prejudice. Applicant respectfully traverses all rejections and will respond to such rejections in a yet to be filed co-pending related application or the currently pending application number 10/713,944.

Amendments to the Claims begin on page 3.

Remarks begin on page 11.
